

# STOMP EVENTS

Welcome to our hidden, urban oasis, where fairy lights twinkle by dusk and unforgettable memories are made.

Whatever occasion you're celebrating, we're here to help so that all you have to do is sip on some bubbles, feast and dance.

We approach our events holistically and can guide you through it all, from budgets to decor, catering and more.

This document is a brief guide to our most frequently asked questions. If you're interested in securing a date with us, we'd love to catch up for a coffee and learn more about you.

## Venue details

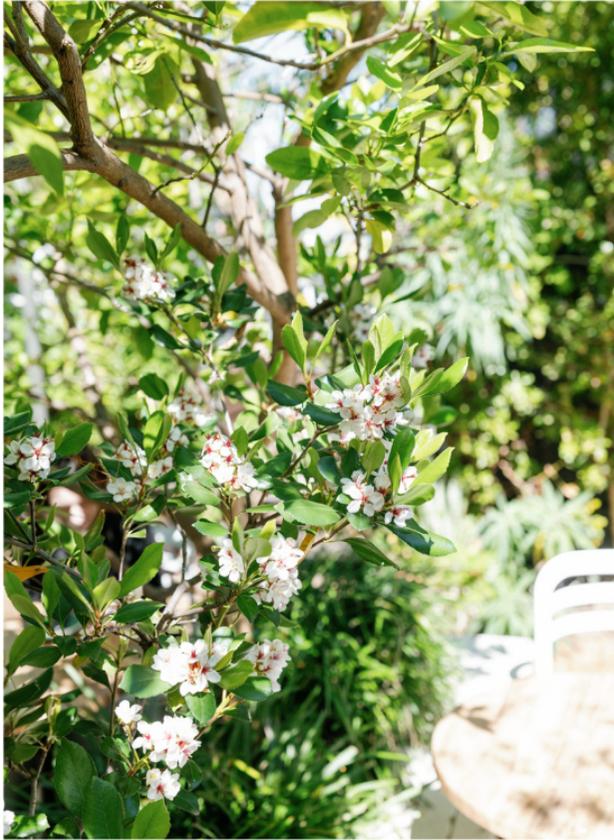

Our venue is available for hire 7 days a week from 4 p.m. until 10 p.m.

We are conveniently located near the CBD so if you wish to kick on your celebrations beyond 10 p.m. we can recommend some great spots to do so!

We have the capacity to host up to 150 guests cocktail-style.

Our venue hire starts at \$1250 which is inclusive of our highly experienced events coordinator, glassware, furniture, sound system and unlimited sparkling and chilled water on tap.

We are also BYO.

39 Angove St, North Perth

## Drinks

Being a uniquely BYO venue is a big way to save on costs. We can help select and source the drinks based on your preferences, many of which can be on consignment (pay only what you drink) or feel free to bring whatever you fancy and we'll provide the professional bar service.

## Dining

We are able to provide delicious house-made grazing boards, with a selection of locally sourced ingredients. Priced at \$25 per person, we cater for a variety of dietary needs.

Another option is to bring in your own food trucks or catering services which we are happy to recommend and liaise with.

## Decor

A lot of love can be felt in our venue as it is filled with lush greenery, fairy lights and neutral furniture.

Candles are one of the best and most cost-effective ways to elevate the space for your event.

If you wish to personalise it a bit more, we are able to recommend or work with your preferred stylist and help bring your dream visions to life.

## Entertainment

Keep it simple with a spotify playlist or amp up the vibes with a live band or dj. We can even arrange a dance floor for you. We also have some very talented jazz friends- come on down on Sundays for a sneak preview.
